

Liam O'Connor

DevOps & Cloud Infrastructure Engineer

liam.oconnor@cloudops.net · +353 1 496 0123 · Dublin, Ireland

SUMMARY

Infrastructure enthusiast with expertise in Kubernetes, Terraform, AWS, and building robust continuous integration workflows.

SKILLS

AWS · Kubernetes · Terraform · Python · Docker · Linux

EXPERIENCE

Senior DevOps Engineer — Emerald Cloud Systems

2019-11 – Present

- Automated infrastructure provisioning across multiple AWS regions using Terraform.
- Managed Kubernetes clusters scaling to over 500 pods supporting global SaaS applications.
- Implemented security scanning tools in CI/CD pipelines to catch vulnerabilities early.

Systems Administrator — Dublin Tech Services

2016-04 – 2019-10

- Maintained Linux server fleets, ensuring 99.99% uptime for core enterprise services.
- Wrote custom Python scripts to automate routine backup and monitoring tasks.
- Migrated legacy on-premise databases to secure cloud storage buckets.

EDUCATION

Bachelor of Arts in Computer Engineering

2016

Trinity College Dublin
