

Aisha Al-Mansoor

Machine Learning Engineer & Data Scientist

aisha.almansoor@example.com · +971 50 123 4567 · Dubai, UAE

SUMMARY

Results-driven Machine Learning Engineer specializing in natural language processing and predictive analytics with a strong background in Python.

SKILLS

Python · TensorFlow · PyTorch · AWS · Docker · Data Science

EXPERIENCE

Lead ML Engineer — Gulf AI Solutions

2020-09 – Present

- Developed state-of-the-art NLP models using Python and PyTorch for customer sentiment analysis.
- Deployed machine learning pipelines on AWS SageMaker, ensuring high availability and low latency.
- Reduced model inference time by 35% through quantization and pruning techniques.

Data Scientist — DataCorp MENA

2018-01 – 2020-08

- Built predictive churn models that improved customer retention rates by 15%.
- Cleaned and analyzed large datasets using Pandas, NumPy, and SQL.
- Presented complex data insights and model performance metrics to non-technical stakeholders.

EDUCATION

Master of Science in Data Science

American University of Sharjah

2017

Bachelor of Engineering in Computer Engineering

University of Jordan

2015
