

Chloe Martin

Backend & Cloud Services Developer

chloe.martin@example.com · +1 415 555 2671 · San Francisco, USA

SUMMARY

Backend specialist with a passion for designing clean APIs, distributed data processing, and highly resilient cloud architectures.

SKILLS

Python · Node.js · AWS · PostgreSQL · Redis · Docker

EXPERIENCE

Backend Software Engineer — Silicon Valley Data Corp

2020-05 – Present

- Designed high-throughput asynchronous backend services using Python and FastAPI.
- Implemented caching layers with Redis to reduce database read pressure by 50%.
- Participated in on-call rotations and resolved critical production incidents promptly.

Junior Software Engineer — Pacific Software

2018-07 – 2020-04

- Created automated unit and integration tests using pytest, increasing code coverage to 90%.
- Assisted in migrating legacy monolithic endpoints to microservices.
- Documented internal API specifications using OpenAPI/Swagger.

EDUCATION

Bachelor of Science in Electrical Engineering and Computer Sciences

2018

University of California, Berkeley
