Liam O'Connor

Frontend Architect & UI/UX Enthusiast

liam.oconnor@example.com · +353 1 496 0123 · Dublin, Ireland

Summary

Creative Frontend Architect with 8+ years of expertise crafting accessible, high-performance web interfaces. Passionate about design systems, modern JavaScript frameworks, and user-centric development.

Skills

React · TypeScript · Next.js · Tailwind CSS · GraphQL · Jest · Webpack

Experience

Lead Frontend Engineer — Emerald Digital

2021-01 – Present

- Engineered a scalable design system using React, TypeScript, and Tailwind CSS adopted across 5 product teams.
- Improved web performance scores from 65 to 98 by implementing server-side rendering with Next.js.
- Conducted code reviews and established rigorous frontend testing standards with Jest and React Testing Library.

Frontend Developer — Dublin Web Studio

2016-05 – 2020-12

- Developed responsive single-page applications for international clients using React and Redux.
- Optimized asset loading and bundle sizes to enhance user experience on mobile devices.
- Worked closely with UI/UX designers to ensure pixel-perfect implementation of digital products.

Education

Bachelor of Arts in Computer Science

Trinity College Dublin · 2016
