Mei Lin

DevOps & Cloud Infrastructure Specialist

mei.lin@cloudengineer.dev · +1 206 555 0192 · Seattle, WA, USA

Summary

DevOps Engineer with a strong background in automation, infrastructure-as-code, and container orchestration across multi-cloud environments.

Skills

AWS · Terraform · Kubernetes · Docker · CI/CD · Python · Bash

Experience

Senior DevOps Engineer — Cascade Cloud Solutions

2021-01 – Present

- Designed and provisioned secure multi-region AWS infrastructure using Terraform and Terragrunt.
- Implemented robust CI/CD pipelines with GitHub Actions, cutting deployment times from hours to minutes.
- Managed Kubernetes clusters ensuring 99.99% uptime for mission-critical microservices.

Systems Administrator — Pacific Northwest Tech

2018-05 – 2020-12

- Automated server provisioning and software patching using Python and Bash scripts.
- Monitored system performance and resolved infrastructure incidents within strict SLAs.
- Assisted development teams in containerizing legacy applications with Docker.

Education

Bachelor of Science in Informatics

University of Washington · 2018
